

Ivander Johana Pratama

AI Engineer, Software Engineer, and Full Stack Engineer

Cikarang, Bekasi, Indonesia | ivanderjohanapratama@gmail.com | [+62 821 7515 4739](tel:+6282175154739) | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Final-year Information Systems student at President University specializing in Data Science, with hands-on experience in software engineering, AI development, and enterprise system maintenance. Maintained a large-scale financial system, built AI automation tools, and delivered projects across data, web, and mobile domains. Adaptable, fast learner, and comfortable working in both technical and cross-functional team settings.

CORE STRENGTHS

AI and Data Python, Pandas, NumPy, Scikit-learn, Random Forest, Ollama, Gemini AI, NLP, Machine Learning	Software and Web JavaScript, HTML, CSS, PHP, Java, .NET, ASP.NET, FastAPI, Django, Streamlit
Database and Backend MySQL, Firebase, PhpMyAdmin, PostgreSQL, Kendo UI Telerik, Git, Docker, VPS Deployment	Product and Collaboration Power BI, Figma, VS Code, Teamwork, Leadership, Public Speaking, Event Planning, Problem-Solving

PROFESSIONAL EXPERIENCE

Software Engineering Partnership - PT Jababeka Tbk

Aug 2023 - Present | Cikarang, Bekasi

Maintained and developed JIFAS, an accounting system built on ASP.NET and Kendo UI Telerik.

- Performed bug fixing and feature development across Balance Sheet, Cash Flow, Bulk Posting, and PUM Realization modules.
- Led UI migration from legacy Bootstrap to the updated Telerik framework.
- Developed and maintained AI chatbot integration within the JIFAS ecosystem.

Tools: ASP.NET, Kendo UI Telerik, Finance Modules, SQL, AI Chatbot

AI Engineer Intern - PT Jababeka Tbk

Aug 2025 - Feb 2026 | Cikarang, Bekasi

Developed internal AI and data automation tools for employee support and financial workflows.

- Built an internal AI Agent chatbot using LangChain, FastAPI, and Ollama for support, retrieval, and ticket creation.
- Built a duplicate data detection tool using Python and Streamlit for financial CSV and Excel data analysis.
- Provided technical support for PUM, invoicing, and bank transaction workflows.

Tools: LangChain, FastAPI, Ollama, Python, Streamlit

SELECTED PROJECTS

AI & Full-stack Developer - WhatsApp-Based Issue Reporting & Analytics Dashboard

2025

AI-powered WhatsApp chatbot for automated issue reporting integrated with osTicket, plus an analytics dashboard.

- Automated ticket creation workflows and provided real-time issue statistics, reducing manual ticket dispatching and improving data visibility.
- Built chatbot core logic and Gemini AI integration for natural language understanding.
- Connected WhatsApp Gateway with osTicket system for automated support ticket dispatch.

Tools: Gemini AI, FastAPI, React, NodeJS, MySQL, WhatsApp API, osTicket

Dashboard Developer - Kalbe Engineering System Dashboard

2025

Engineering dashboard for monitoring energy, work orders, maintenance metrics, and CAPA workflows.

- Helped the engineering team review operational performance through clearer maintenance and energy monitoring.
- Built dashboard views for energy consumption, work orders, MTTR, MTBF, and CAPA.
- Translated client needs into a professional monitoring interface.

Tools: NextJS, Typescript, Tailwind CSS, PostgreSQL, Real-time Data

Machine Learning Developer - EduIntel - Data Science Bootcamp Project

2025

Machine learning web system for detecting student performance issues with a Random Forest classifier.

- Supported early intervention decisions by turning student data into performance-risk predictions.
- Built a model testing interface for educators.
- Implemented Random Forest classification for performance issue detection.

Tools: Python, Django, Machine Learning, Random Forest, PostgreSQL, Pandas

AI Application Developer - AI Agent Chatbot System - PT Jababeka Tbk

2025

Internal AI agent chatbot for employee support with retrieval, troubleshooting, OCR, and ticket creation.

- Improved internal support workflows by automating answers, troubleshooting, and helpdesk ticket creation.
- Built an AI support system with LangChain, FastAPI, and Ollama.
- Integrated NLP, OCR, knowledge-base retrieval, and ticket creation.

Tools: LangChain, FastAPI, Ollama, Python, NLP, OCR, Machine Learning

Data Automation Developer - Duplicate Data Detection Tool

2025

Streamlit automation tool for detecting duplicate records in CSV and Excel files.

- Reduced manual data-quality review by providing a dedicated duplicate-detection workflow.
- Built upload, configuration, report, and export workflows.
- Supported CSV and Excel data validation.

Tools: Streamlit, Python, Pandas, Data Analysis

EDUCATION

Information System - Data Science - President University

Aug 2023 - Present | Current GPA: 3.67

Developed strong skills in programming, data analysis, and application development through coursework and projects.

LEADERSHIP, ACHIEVEMENTS, AND CERTIFICATIONS

- 3rd Place - SETSsail Biz Accel Exhibition 2024, Service Category
- Jababeka Scholarship Awardee - covers 75% of tuition at President University
- Managed event sponsorship portfolios worth tens of millions in value
- Trusted by Bawaslu to supervise PTPS during national elections
- Led sponsorship strategy, secured 10+ brand partners, negotiated benefits, and maintained external communication.
- Assisted fundraising and sponsor branding for the annual awards night.
- Secured 20+ sponsors, coordinated with vendors, and oversaw benefit delivery.

Certifications: AWS Training & Certification: Amazon QuickSight: Getting Started, Fundamentals of Machine Learning and Artificial Intelligence, Introduction to Generative AI: Art of the Possible, Introduction to Machine Learning: Art of the Possible | AI & Data Platform Training: Future-Ready Industrial Parks: Mastering AI Trends & Agentic Workflows, Snowflake Discover AI, AI & Data Platform Training - Snowflake |

Event Certificates: President University Fashion Week 2024, Student Awarding Night 2024, Mr. & Ms. President University 2024, PUSH Cup 2024, Computing Sport Games Olympiade 2024

Languages: Indonesian (Native / Fluent), English (Intermediate - Conversational & Working Proficiency)
