PROFILE SUMMARY

Final year Information Systems student at President University specializing in Data Science, with hands-on experience in software engineering, AI development, and enterprise system maintenance. Proven ability to work in real production environments, having maintained a large-scale financial system, built AI automation tools, and delivered projects across data, web, and mobile domains. Adaptable, fast learner, and experienced in both technical and cross-functional team settings.

EDUCATION

President University, Information System - Data Science

Current GPA: 3.67

Augt 2023 - Present

- Developed strong skills in programming, data analysis, and application development through coursework and projects.

INTERNSHIP EXPERIENCE

PT Jababeka Tbk.

Mar -2026 - Present

Software Engineering Partnership

- Maintained and developed JIFAS (Jababeka Infrastructure Finance Accounting System) built on ASP.NET and Kendo UI Telerik.
- Performed bug fixing and feature development across accounting and finance modules (Balance Sheet, Cash Flow, Bulk Posting, PUM Realization).
- Led UI migration from legacy Bootstrap to updated Telerik framework.
- Developed and maintained AI chatbot integration within JIFAS ecosystem.

PT Jababeka Tbk.

Aug 2025 - Feb 2026

AI Engineer Intern

- Developed internal AI Agent chatbot using LangChain, FastAPI, and Ollama to automate employee support, knowledge-base retrieval, and ticket creation.
- Built duplicate data detection tool using Python and Streamlit for financial CSV/Excel data analysis.
- Provided technical support for financial workflows including PUM, invoicing, and bank transactions.

WORK EXPERIENCE

Model & Talent – Vun Diego Perfume Commercial

May 2025

- Modeled and appeared in video campaigns for Vun Diego perfume.
- Worked with the creative team to produce promotional content.

Polling Station Supervisor (PTPS) – Regional Elections 2024

Nov 2024

- Supervised and ensured the transparency of the voting process.
- Coordinated with officials to resolve irregularities and filed official reports to Bawaslu.

Shopee Xpress – Warehouse Sorter

Jun - Jul 2023

- Handled package scanning, sorting, and labeling based on delivery zones.
- Ensured timely and accurate processing under pressure in logistics operations.

ORGANIZATIONAL EXPERIENCE

- President University Fashion Week (PUFW) 2024 – PIC Sponsorship** Sep - Dec 2024
- Led sponsorship strategy and secured 10+ brand partners.
 - Negotiated benefits and maintained external communication.
- Student Awarding Night (SAN) 2024 – PIC Sponsorship** Sep - Nov 2024
- Assisted in fundraising and sponsor branding for the annual awards night.
- Mr. & Ms. President University 2024 – PIC Sponsorship** Jan - Mar 2024
- Secured 20+ sponsors, coordinated with vendors, and oversaw benefit delivery.
- AIIESEC ImpactED 1.0 – Volunteer** Dec 2023 - Jan 2024
- Delivered hygiene awareness lessons to elementary students in Cikarang.
 - Enhanced public speaking and group facilitation skills.

PROJECTS

- WhatsApp-Based Issue Reporting & Analytics Dashboard – Capstone Project** July 2025
Client: PT Andakara Informatika Nusantara
- Developed an AI-powered WhatsApp chatbot for automated issue reporting, intent detection, and ticket creation integrated with osTicket system.
 - Built analytics dashboard to visualize issue trends, frequencies, and resolution statistics for management decision-making.
 - Handled chatbot logic, WhatsApp Gateway integration, NLP using Gemini AI, and backend integration with TRAMOS Web system.
- Kalbe Engineering System Dashboard** July 2025
- Project collaboration with PT Kalbio Global Medika
 - Built interactive web dashboard for monitoring energy, work orders, MTTR/MTBF, and CAPA.
 - Presented and implemented solution based on client needs.
- EduIntel – Data Science Bootcamp Final Project** May 2025
- Developed a web-based system to detect student performance issues using Random Forest.
 - Integrated dashboards and model testing for practical use by educators.
 - Helped improve early intervention in student learning, enabling more targeted support and potentially better academic outcomes.
- Revenue Cycle System – Accounting Information System Project** May 2025
- Built a simulation of hospital billing and transaction processes based on real-world data.
- Company Profile Website – PT. Larissa Winri Prakarsa** Jan - Mar 2025
- Building a clean, responsive company profile website for a construction firm.
 - Includes branding elements, service listings, and contact features.
- BERSUARA Mobile Application** Sep - Dec 2024
- Developed an anonymous chat application for President University students with an auto-generated username feature.
 - Utilized Firebase as a database and Android Studio for app development.
- Community Development – Muara Gembong** Jun - Jul 2024
- Worked with local communities and Mulia Industry Group on environmental and entrepreneurial initiatives.

Hospital Management System - Web Application Development

April - May 2024

- Developed a hospital management system using MySQL for patient and doctor data management.
- Implemented database optimization and SQL queries for efficient data retrieval.

Preloved Marketplace – Consignment Platform

Oct - Dec 2023

- Led a student business team to build a platform for secondhand fashion & lifestyle goods.
- Oversaw marketing, UX, and team operations.
- 3rd Place – SETSsail Biz Accel Exhibition (Service Category)

Web Design - Barbershop Appointment System

Oct - Dec 2023

- Designed and coded an online appointment system with a clean UI/UX.

CERTIFICATIONS

AWS Training & Certification

- Amazon QuickSight: Getting Started
- Fundamentals of Machine Learning and Artificial Intelligence
- Introduction to Generative AI: Art of the Possible
- Introduction to Machine Learning: Art of the Possible

AI Training by 7-Network Pte Ltd / JETData.AI

- Future-Ready Industrial Parks: Mastering AI Trends & Agentic Workflows

Snowflake Discover AI

- AI & Data Platform Training — Snowflake

Event Certificates

- President University Fashion Week 2024
- Student Awarding Nigh 2024
- Mr. & Ms. President University 2024
- PUSH Cup 2024
- Computing Sport Games Olympiade 2024

SKILLS

- **Programming & Development:** Python, JavaScript, HTML, CSS, PHP, Java, .NET (ASP.NET), Android Studio
- **Database & Backend:** MySQL, Firebase, PhpMyAdmin, PostgreSQL
- **Tools & Frameworks:** FastAPI, LangChain, Kendo UI Telerik, Django, Streamlit, Git, VS Code, Power BI, Figma
- **Data Analytics:** Pandas, NumPy, Scikit-learn (Random Forest), Ollama, Gemini AI, NLP, Machine Learning
- **Cloud & Infrastructure:** AWS, Snowflake, VPS Deployment, Docker
- **Soft Skills:** Teamwork, Leadership, Public Speaking, Event Planning, Problem-Solving

LANGUAGES

- Indonesian: Native / Fluent
- English: Intermediate (Conversational & Working Proficiency)

ACHIEVEMENTS

- 3rd Place – SETSsail Biz Accel Exhibition (2024, Service Category)
- Jababeka Scholarship Awardee – Covers 75% of tuition at President University
- Managed event sponsorship portfolios worth tens of millions in value
- Trusted by Bawaslu to supervise PTPS during national elections
